FIR Registered in Boudh Over Alleged AI-Based Manipulation of Meter Reading Images

Boudh: A case of alleged manipulation of electricity meter reading records using AI-based image editing tools has surfaced in Boudh district. An FIR has been registered at Purunakatak Police Station against a meter reader following allegations of suppressing actual electricity consumption by digitally altering meter reading images, leading to incorrect billing and financial loss.

The alleged fraud came to light during routine scrutiny of digital meter reading records, when the monitoring system flagged unusual patterns. A preliminary inquiry found that meter reading photographs were allegedly edited before being uploaded into the billing system. Investigators suspect that the meter number was removed from the original image and the displayed reading was digitally modified, allowing the same photograph to be used for billing multiple consumers. The suspected malpractice is estimated to have caused a revenue loss of around ₹1.74 lakhs. Police have initiated an investigation into the matter.

Consumers have been advised to remain vigilant and verify that the meter reading mentioned in their monthly electricity bill matches the reading displayed on their electricity meter. Any discrepancy, suspicious billing pattern or unethical practice noticed during meter reading should be reported immediately to the nearest electricity office or the consumer helpline 1912 or 18002026. Officials of the power utility have said that technology-driven monitoring and regular audits will continue to ensure transparency, accuracy, and fairness in the billing process.

बौध में एआई के जरिए बिजली मीटर रीडिंग में हेरफेर का मामला, एफआईआर दर्ज

भुवनेश्वर। ओडिशा के बौध जिले में बिजली मीटर रीडिंग से जुड़े एक चौकाने वाले फजीवाड़े का मामला सामने आया है, जिसमें आर्टिफिशियल इंटेलिजेंस (एआई) आधारित इमेज एडिटिंग टूल्स का कथित तौर पर इस्तेमाल कर मीटर रीडिंग में हेरफेर किया गया। इस मामले में पुरुणाकटक थाना में एक मीटर रीडर के खिलाफ एफआईआर दर्ज की गई है। उस पर आरोप है कि उसने वास्तविक बिजली खपत को छिपाने के लिए मीटर की तस्वीरों में डिजिटल बदलाव कर गलत बिलिंग की, जिससे विभाग को आर्थिक नुकसान हुआ। जानकारी के अनुसार, यह मामला उस समय उजागर हुआ जब नियमित जांच के दौरान डिजिटल मीटर रीडिंग रिकॉर्ड में संदिग्ध पैटर्न सामने आए। निगरानी प्रणाली ने कुछ असामान्य गतिविधियों को चिन्हित किया, जिसके बाद प्रारंभिक जांच शुरू की गई। जांच में पाया गया कि मीटर की तस्वीरों को सिस्टम में अपलोड करने से पहले कथित रूप से एडिट किया गया था। प्रारंभिक जांच रिपोर्ट के मुताबिक, आरोप है कि मूल तस्वीर से मीटर नंबर हटाकर रीडिंग को डिजिटल रूप से बदल दिया जाता था। इसके बाद उसी एडिटेड तस्वीर का इस्तेमाल कई उपभोक्ताओं के बिल तैयार करने में

किया गया। इस तरह की धोखाधड़ी से विभाग को करीब 1.74 लाख रुपये का नुकसान होने का अनुमान है। पुलिस ने मामले की गंभीरता को देखते हुए जांच शुरू कर दी है और संबंधित मीटर रीडर से पूछताछ की जा रही है। अधिकारियों का कहना है कि जांच के दौरान और भी तथ्य सामने आ सकते हैं तथा दोषियों के खिलाफ कड़ी कानूनी कार्रवाई की जाएगी। इस घटना के बाद बिजली उपभोक्ताओं को सतर्क रहने की सलाह दी गई है। उपभोक्ताओं से कहा गया है कि वे अपने मासिक बिजली बिल में दर्ज मीटर रीडिंग का मिलान अपने घर के मीटर पर दिख रही रीडिंग से जरूर करें। यदि किसी प्रकार की गड़बड़ी, संदिग्ध बिलिंग या मीटर रीडिंग के दौरान अनियमितता दिखाई दे, तो इसकी तुरंत सूचना नजदीकी बिजली कार्यालय या उपभोक्ता हेलपलाइन नंबर 1912 या 18002026 पर दें। बिजली विभाग के अधिकारियों ने स्पष्ट किया है कि पारदर्शिता और सटीकता सुनिश्चित करने के लिए तकनीक आधारित निगरानी प्रणाली और नियमित ऑडिट जारी रहेंगे। उन्होंने कहा कि इस तरह के मामलों पर सख्ती से कार्रवाई कर उपभोक्ताओं के हितों की रक्षा की जाएगी।

Electricity meter reading records altered using AI editing tools, one booked

EXPRESS NEWS SERVICE
@ Berhampur

PURUNAKATAK police in Boudh district on Thursday registered a case against an electricity meter reader for allegedly manipulating meter reading records using AI-based image editing tools.

The accused, Rajat Kumar Nayak (26) of Manikpur village under Tleswar panchayat, is engaged with Tata Power Southern Odisha Distribution Limited (TPSODL) on outsourcing basis.

Police said the meter reader was booked on the basis of a complaint lodged by TPSODL officials. IIC Ranjit Muni said Nayak has been accused of digitally altering meter reading images to suppress actual electricity consumption, resulting in incorrect billing and financial loss of around ₹1.74 lakh.

The alleged fraud was detected during a routine scrutiny of digital meter reading records after the monitoring system flagged unusual patterns. Preliminary investigation revealed that photographs of electricity meters were edited before being

uploaded into the billing system.

According to the findings, investigators suspect that the meter number was removed from the original image while the displayed reading was digitally modified, enabling the same photograph to be reused for billing multiple consumers.

Police have launched a probe to ascertain the extent of the alleged fraud and identify any possible involvement of others.

Meanwhile, TPSODL advised its consumers to carefully verify that the meter reading mentioned in their monthly electricity bill matches the reading displayed on their electricity meter. The consumers were also urged to report any discrepancy, suspicious billing pattern, or unethical practice during meter reading to the nearest electricity office or through the helpline numbers 1912 or 1800-202-1912.

TPSODL officials said technology-driven monitoring systems and regular audits will continue to strengthen transparency, accuracy and fairness in the electricity billing process while preventing such fraudulent activities.

BERHAMPUR: Purunakatak police in Boudh district on Thursday registered a case against an electricity meter reader for allegedly manipulating meter reading records using AI-based image editing tools.

The accused, Rajat Kumar Nayak (26) of Manikpur village under Tileswar panchayat, is engaged with Tata Power Southern Odisha Distribution Limited (TPSODL) on outsourcing basis.

Police said the meter reader was booked on the basis of a complaint lodged by TPSODL officials. IIC Ranjit Muni said Nayak has been accused of digitally altering meter reading images to suppress actual electricity consumption, resulting in incorrect billing and financial loss of around ₹1.74 lakh.

The alleged fraud was detected during a routine scrutiny of digital meter reading records after the monitoring system flagged unusual patterns. Preliminary investigation revealed that photographs of electricity meters were edited before being uploaded into the billing system.

According to the findings, investigators suspect that the meter number was removed from the original image while the displayed reading was digitally modified, enabling the same photograph to be reused for billing multiple consumers.

Police have launched a probe to ascertain the extent of the alleged fraud and identify any possible involvement of others.

Meanwhile, TPSODL advised its consumers to carefully verify that the meter reading mentioned in their monthly electricity bill matches the reading displayed on their electricity meter. The consumers were also urged to report any discrepancy, suspicious billing pattern, or unethical practice during meter reading to the nearest electricity office or through the helpline numbers 1912 or 1800-202-1912.

TPSODL officials said technology-driven monitoring systems and regular audits will continue to strengthen transparency, accuracy and fairness in the electricity billing process while preventing such fraudulent activities.

Boudh: A case of alleged manipulation of electricity meter reading records using AI-based image editing tools has surfaced in Boudh district. An FIR has been registered at Purunakatak Police Station against a meter reader following allegations of suppressing actual electricity consumption by digitally altering meter reading images, leading to incorrect billing and financial loss.

The alleged fraud came to light during routine scrutiny of digital meter reading records, when the monitoring system flagged unusual patterns. A preliminary inquiry found that meter reading photographs were allegedly edited before being uploaded into the billing system. Investigators suspect that the meter number was removed from the original image and the displayed reading was digitally modified, allowing the same photograph to be used for billing multiple consumers. The suspected malpractice is estimated to have caused a revenue loss of around ₹1.74 lakhs. Police have initiated an investigation into the matter.

Consumers have been advised to remain vigilant and verify that the meter reading mentioned in their monthly electricity bill matches the reading displayed on their electricity meter. Any discrepancy, suspicious billing pattern or unethical practice noticed during meter reading should be reported immediately to the nearest electricity office or the consumer helpline 1912 or 18002026. Officials of the power utility have said that technology-driven monitoring and regular audits will continue to ensure transparency, accuracy, and fairness in the billing process.

PRESS RELEASE

TPSODL Celebrates CSR Excellence and Volunteerism in Berhampur

Berhampur, July: Highlighting its commitment to community development, sustainable livelihoods and social transformation, TP Southern Odisha Distribution Limited (TPSODL) organized the CSR Excellence Awards 2026 at its Management Development Centre (MDC), Berhampur, celebrating the spirit of community service, volunteerism, sportsmanship and sustainable livelihood development across Southern Odisha. The event brought together employees, volunteers, community members, Self-Help Groups (SHGs) and stakeholders to recognize their outstanding contributions towards social development and nation-building.

A major highlight of the event was the launch of the TPSODL CSR Film, showcasing the organization's impactful initiatives undertaken across Southern Odisha during the year. The film highlighted key interventions in livelihood enhancement, skill development, healthcare, education, women empowerment, environmental sustainability, sports promotion and community engagement that have positively transformed thousands of lives in the region.

TPSODL has empowered over 98,000 households, benefiting nearly 4.8 lakh citizens across 1,044 Gram Panchayats through digital literacy programmes. More than 60,000 students have been sensitized on sustainability, energy conservation and climate responsibility through club enerji initiatives. Under the Adhikaar initiative, over 16,600 beneficiaries across 668 villages gained access to essential government welfare schemes. The company has also supported scholarships and educational assistance for diploma studies, established vocational training centres to equip youth with industry-relevant skills, conducted hospitality and food production training, rooftop solar technician training, promoted organic farming practices and contributed to the revival of traditional Saura art, creating sustainable livelihood opportunities for local communities. In last Financial year company has impacted more than 10 lakh people through several CSR programs.

The ceremony also featured a Sports Felicitation Programme, recognizing outstanding sportspersons and contributors who have excelled at state-level competitions with the support and encouragement of TPSODL. The initiative

reflects the company's commitment towards promoting sports, nurturing young talent and encouraging holistic development of youth.

Awards were presented under the ProEngage Initiative to employees and teams who demonstrated exceptional commitment towards volunteering and creating meaningful social impact. Volunteers and teams were also felicitated for their active participation in Tata Volunteering Week 2025 and Tata Sustainability Month 2025.

Another special segment of the programme was the Anokha Dhaaga SHG Felicitation Ceremony, honouring women entrepreneurs for their dedication, craftsmanship and contribution towards building sustainable livelihoods.

Speaking on the occasion, Mr. Amit Kumar Garg, CEO, TPSODL, said, "At TPSODL, we believe that true progress is achieved when communities grow alongside us. Our CSR and volunteering initiatives are driven by the Tata values of empathy, responsibility and service. Together, we are building a more inclusive, sustainable and resilient future for Southern Odisha."

The ceremony was graced by senior officials and employees.

टीपीएसओडीएल ने ब्रह्मपुर में मनाया सीएसआर
उत्कृष्टता एवं स्वयंसेवा सम्मान समारोह

ब्रह्मपुर। दक्षिण ओडिशा में सामुदायिक विकास, सतत आजीविका और सामाजिक परिवर्तन के प्रति अपनी प्रबलबद्धता को आगे बढ़ाते हुए टीपी सदरन ओडिशा लिमिटेड्स लिमिटेड्स (टीपीसीओएलएल) ने अपने मेनजेट डेवलपमेंट सेंटर (एमडीसी), ब्रह्मपुर में आयोजित एक एसोसिएट्स अवार्ड्स-2026 का सोनेयज किया। समारोह में सामुदायिक सेवा, स्वयंसेवक, खेल प्रतिभाओं और सतत आजीविका विकास में उत्कलेश्वर्य योगदान देने वाले कर्मचारियों, स्वयंसेवकों, स्वयं सहायता समूहों (एसएचजी) और अन्य हितधारकों को सम्मानित किया गया।

कार्यक्रम के दौरान टीपीएसओडीएल की सीएफआर फिल्म का भी लोकार्पण किया गया, जिसमें दक्षिण ओडिशा में आजीविका संवर्धन, कौशल विकास, स्वास्थ्य, शिक्षा, महिला सशक्तिकरण, पर्यावरण संरक्षण, खेल प्रोत्साहन और सामुदायिक विकास के क्षेत्र में किए गए कार्यों को प्रदर्शित किया गया। कंपनी ने डिजिटल साक्षरता कार्यक्रमों के माध्यम से

1,044 ग्राम पंचायतों के 98 हजार से अधिक परिवारों और लगभग 4.8 लाख लोगों को लाभान्वित किया है। वहीं, 'क्लब एनजी' पहल के तहत 60 हजार से अधिक विद्यार्थियों को ऊर्जा संरक्षण, सतत विकास और जलवायु जिम्मेदारी के प्रति जागरूक किया गया।

‘अधिकार’ पहल के माध्यम से 668 गांवों के 16,600 से अधिक लाभार्थियों को विभिन्न सरकारी कल्याणकारी योजनाओं से जोड़ा गया। समारोह में राज्य स्तरीय प्रतियोगिताओं में उत्कृष्ट प्रदर्शन

करने वाले खिलाड़ियों और खेल प्रतिभाओं को भी सम्मानित किया गया इस अवसर पर टीपीएसओडीएल के मुख्य कार्यकारी अधिकारी अमित कुमार ने कहा कि, "कंपनी टाटा समूह के सेवा, जिम्मेदारी और संवेदशीलता के मूल्यों के अनुसंधान समाज के साथ मिलकर समावेसी, सतत और सशक्त दक्षिण ओडिशा के निर्माण के लिए निरंतर कार्य कर रही है।" समारोह में कंपनी के वरिष्ठ अधिकारी, कर्मचारी और विभिन्न क्षेत्रों से जुड़े गणमान्य लोग उपस्थित रहे।

Thiruvananthapuram: TP Southern Odisha Distribution Limited (TPSOD) organized the CSR Excellence Awards 2023 at its Management Development Centre (MDC), Bhubaneswar, celebrating the spirit of community service, volunteerism, sportsmanship and sustainable livelihood development across Southern Odisha.

A major highlight of the event was the launch of the TPSOD CSR Film, showcasing the organization's impactful initiatives undertaken across Southern Odisha during the year.

TPSOD has empowered over 98,000 households, benefiting nearly 4.8 lakh citizens across 1,044 Gram Panchayats through digital literacy programmes. More than 50,000 students have been sensitized on sustainability, energy conservation and climate responsibility through club energy initiatives.

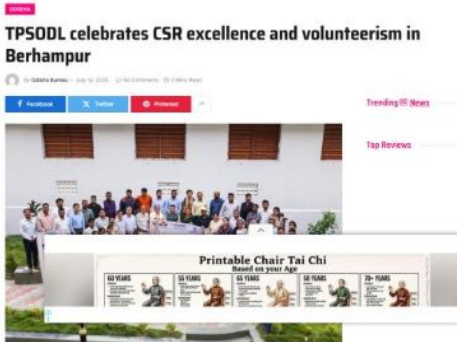

Under the Aardram initiative, over 16,600 beneficiaries across 688 villages gained access to essential government welfare schemes.

The company has also supported scholarships and educational assistance for diploma studies, established vocational training centres to equip youth with industry-relevant skills, conducted hospitality and food production training, coffee solar technician training, promoted organic farming practices, and contributed to the revival of traditional Saura art, creating sustainable livelihood opportunities for local communities. In last Financial year company has impacted more than 10 lakh people through several CSR programs.

The ceremony also featured a Sports Felicitation Programme, recognizing outstanding sportspersons and contributors who have excelled at state-level competitions with the support and encouragement of TPSOD.

Volunteers and teams were also felicitated for their active participation in Tata Volunteerizing Week 2025 and Tata Sustainability Month 2025. Another special segment of the programme was the Anuksha Disha SHG Felicitation Ceremony, honouring women entrepreneurs for their dedication, craftsmanship and contribution towards building sustainable livelihoods.

Amit Kumar Garg, CEO, TPSOD, said, "Our CSR and volunteering initiatives are driven by the Tata values of empathy, responsibility and service. Together, we are building a more inclusive, sustainable and resilient future for Southern Odisha."

[illegible]

Barham: Highlighting its commitment to community development, sustainable livelihoods and social entrepreneurship, TP Southern Office Distribution Limited (TSODL) organised the CSR Excellence Awards in its Advanced Development Centre (MOC), Barham, celebrating the spirit of community service, volunteerism, sportsmanship and sustainable livelihood development across Southern Office. The event brought together employees, volunteers, community members, Self-Help Groups (SHGs) and stakeholders to recognise their outstanding contributions towards social development and nation-building.

Dr Geographic Reference

A major highlight of the event was the launch of the TSPOD, CSR Film, showcasing the organization's impactful initiatives undertaken across Southern Office during the year. The film highlighted key interventions in livelihood enhancement, skill development, healthcare, education, social empowerment, environmental conservation, sports promotion and community engagement that have positively transformed thousands of lives in the region.

TSPOD, has empowered over 80,000 households, benefiting nearly 4.8 lakh citizens across 1444 Gram Panchayats through digital media reference. More than 60,000 students have been sensitized on sustainability, energy conservation and climate responsibility through club-level initiatives. Under the Adhikar Initiative, over 10,000 beneficiaries across 568 villages gained access to essential government welfare schemes. The programme has also supported higher and higher educational assistance for diploma students, established vocational training centres to equip youth with industry-relevant skills, conducted hospitality and food production training, notified youth technician training, provided organic farming practices and contributed to the revival of traditional crafts, creating sustainable livelihood opportunities for local communities. In last financial year, company has impacted more than 10 lakh people through several CSR programs.

The ceremony also featured a Sports Felicitation Programme, recognizing outstanding sportsmen and contributors who have excelled at state-level competitions with the support and encouragement of TSPOD. The initiative reflects the company's committed towards promoting sports, nurturing young talent and encouraging holistic development of youth.

Dr Economic

Awards were presented under the PrimeGenie Initiative to employees and teams who demonstrated exceptional commitment towards volunteerism and social impact, creating meaningful social impact. Volunteers and teams were also facilitated for their active participation in Tata Volunteering Week 2025 and Tata Socialized for More 2025.

Another special segment of the programme was the Anishka Dharma Digi-Felicitation Ceremony, honouring women entrepreneurs for their dedication, craftsmanship and contribution towards building sustainable livelihoods.

Speaking on the occasion, Anil Kumar Garg, CEO, TSPOD, said, "At TSPOD, we believe that true progress is achieved when communities grow alongside us. Our CSR and volunteering initiatives are driven by the Tata values of empathy, responsibility and service. Together, we are building a more inclusive, sustainable and resilient future for Southern Office."

The ceremony was graced by senior officials and employees.

TPSODL Celebrates CSR Excellence and Volunteerism in Brahmapur

odishabarta.com/tpsodl-celebrates-csr-excellence-and-volunteerism-in-brahmapur

odishabarta

July 15, 2025

Brahmapur, July: Highlighting its commitment to community development, sustainable livelihoods and social transformation, TP Southern Odisha Distribution Limited (TPSODL) organized the CSR Excellence Awards 2026 at its Management Development Centre (MDC), Berhampur, celebrating the spirit of community service, volunteerism, sportsmanship and sustainable livelihood development across Southern Odisha. The event brought together employees, volunteers, community members, Self-Help Groups (SHGs) and stakeholders to recognize their outstanding contributions towards social development and nation-building.

A major highlight of the event was the launch of the TPSODL CSR Film, showcasing the organization's impactful initiatives undertaken across Southern Odisha during the year. The film highlighted key interventions in livelihood enhancement, skill development, healthcare, education, women empowerment, environmental sustainability, sports promotion and community engagement that have positively transformed thousands of lives in the region.

TPSODL has empowered over 98,000 households, benefiting nearly 4.8 lakh citizens across 1,044 Gram Panchayats through digital literacy programmes. More than 60,000 students have been sensitized on sustainability, energy conservation and climate responsibility through club enerji initiatives. Under the Adhikaar initiative, over 16,600 beneficiaries across 668 villages gained access to essential government welfare schemes. The company has also supported scholarships and educational assistance for diploma studies, established vocational training centres to equip youth with industry-relevant skills, conducted hospitality and food production training, rooftop solar technician training, promoted organic farming practices and contributed to the revival of traditional Saura art, creating sustainable livelihood opportunities for local communities. In last Financial year company has impacted more than 10 lakh people through several CSR programs.

The ceremony also featured a Sports Felicitation Programme, recognizing outstanding sportspersons and contributors who have excelled at state-level competitions with the support and encouragement of TPSODL. The initiative reflects the company's commitment towards promoting sports, nurturing young talent and encouraging holistic development of youth.

Awards were presented under the ProEngage Initiative to employees and teams who demonstrated exceptional commitment towards volunteering and creating meaningful social impact. Volunteers and teams were also felicitated for their active participation in Tata Volunteering Week 2025 and Tata Sustainability Month 2025.

Another special segment of the programme was the Anokha Dhaaga SHG Felicitation Ceremony, honouring women entrepreneurs for their dedication, craftsmanship and contribution towards building sustainable livelihoods.

Speaking on the occasion, Mr. Amit Kumar Garg, CEO, TPSODL, said, "At TPSODL, we believe that true progress is achieved when communities grow alongside us. Our CSR and volunteering initiatives are driven by the Tata values of empathy, responsibility and service. Together, we are building a more inclusive, sustainable and resilient future for Southern Odisha."

The ceremony was graced by senior officials and employees.

TPSODL Celebrates CSR Excellence and Volunteerism in Berhampur

July 14, 2025 By Sopana Team

ADVERTISING HERE

Berhampur, July: Highlighting its commitment to community development, sustainable livelihoods and social transformation, TP Southern Odisha Distribution Limited (TPSODL) organized the CSR Excellence Awards 2026 at its Management Development Centre (MDC), Berhampur, celebrating the spirit of community service, volunteerism, sportsmanship and sustainable livelihood development across Southern Odisha. The event brought together employees, volunteers, community members, Self-Help Groups (SHGs) and stakeholders to recognize their outstanding contributions towards social development and nation-building.

A major highlight of the event was the launch of the TPSODL CSR Film, showcasing the organization's impactful initiatives undertaken across Southern Odisha during the year. The film highlighted key interventions in livelihood enhancement, skill development, healthcare, education, women empowerment, environmental sustainability, sports promotion and community engagement that have positively transformed thousands of lives in the region.

ADVERTISING HERE

TPSODL has empowered over 98,000 households, benefiting nearly 4.8 lakh citizens across 1,044 Gram Panchayats through digital literacy programmes. More than 60,000 students have been sensitized on sustainability, energy conservation and climate responsibility through club enerji initiatives. Under the Adhikaar initiative, over 16,600 beneficiaries across 668 villages gained access to essential government welfare schemes. The company has also supported scholarships and educational assistance for diploma studies, established vocational training centres to equip youth with industry-relevant skills, conducted hospitality and food production training, rooftop solar technician training, promoted organic farming practices and contributed to the revival of traditional Saura art, creating sustainable livelihood opportunities for local communities. In last Financial year company has impacted more than 10 lakh people through several CSR programs.

The ceremony also featured a Sports Felicitation Programme, recognizing outstanding sportspersons and contributors who have excelled at state-level competitions with the support and encouragement of TPSODL. The initiative reflects the company's commitment towards promoting sports, nurturing young talent and encouraging holistic development of youth.

Awards were presented under the ProEngage initiative to employees and teams who demonstrated exceptional commitment towards volunteering and creating meaningful social impact. Volunteers and teams were also felicitated for their active participation in Tata Volunteering Week 2025 and Tata Sustainability Month 2025.

Another special segment of the programme was the Anokha Dhaaga SHG Felicitation Ceremony, honouring women entrepreneurs for their dedication, craftsmanship and contribution towards building sustainable livelihoods.

PRESS RELEASE

TPSODL Strengthens Consumer Trust Through Technology, Ethical Practices and Dedicated Field Teams

Berhampur: Delivering an accurate electricity bill to every consumer is more than a routine process—it reflects a strong combination of advanced technology, robust systems and the dedication of frontline employees working across urban centres and remote villages. Reinforcing its commitment to transparency, operational excellence and consumer-centric service, TP Southern Odisha Distribution Limited (TPSODL) continues to strengthen its revenue assurance initiatives through technology-enabled monitoring and vigilant field verification.

To ensure fair and accurate billing, TPSODL has adopted digital tools such as OCR-based meter reading validation, data analytics and systematic field audits. These initiatives help identify discrepancies, improve consumer records, ensure correct tariff categorisation and detect unauthorised electricity usage. Together, these measures are enhancing billing accuracy, strengthening operational efficiency and building greater consumer confidence.

The success of these initiatives is driven by the dedication of TPSODL's frontline workforce, who play a vital role in maintaining the integrity of the power distribution system.

Santosh Sahu of Purushottampur demonstrated exemplary vigilance during spot billing activities by identifying 654 cases of electricity theft during the last financial Year. His sustained field efforts helped protect revenue, reduce commercial losses and promote responsible electricity usage among consumers.

At Uppalada Sub-Division, Papindra Jena, Supervisor, through meticulous field verification and consumer analysis, identified 44 unreported live connections and 12 cases of tariff misuse, which were subsequently corrected from Domestic to General Purpose category. His efforts significantly improved billing accuracy, strengthened the consumer database and contributed to better revenue realisation.

Several other field employees have also made notable contributions towards improving service delivery and operational excellence. Soroj Guru of Bhanjanagar ensured 100 per cent billing coverage of Lift Irrigation consumers while successfully implementing the upgraded digital billing application. Prabin Padhi of Gopalpur led the replacement of meters at critical Lift Irrigation points

to improve billing efficiency. Meter Reader of Malakangiri area Ashok Mandal regularised 63 consumer cases through proactive field engagement, while Basudev Behera of KabiSuryanagar achieved 100 per cent OCR-based meter reading and zero provisional readings, setting a benchmark in digital billing accuracy.

These examples reflect the commitment and professionalism demonstrated by hundreds of field employees who work every day to ensure that consumers receive accurate bills and reliable services.

Reiterating TPSODL's commitment to transparency, technology-driven operations and consumer-centric services, Mr. Amit Kumar Garg, CEO, TPSODL, said the company's continued investment in technology and its people is helping strengthen consumer trust and service delivery across Southern Odisha. He added, "At TPSODL, consumer trust is at the heart of everything we do. We are continuously strengthening our systems through digital innovation while empowering our frontline teams to uphold the highest standards of integrity, accuracy and accountability. Every accurate electricity bill represents the combined efforts of our people and our technology."

TPSODL encourages consumers to verify the meter reading mentioned in their monthly electricity bill with the reading displayed on their electricity meter. Consumers are also advised to report any billing discrepancy, unauthorised electricity usage or suspicious activity to the nearest Customer Relation Centre or through the company's consumer service helpline 18002026 or 1912. By combining advanced technology, vigilant field practices and active consumer participation, TPSODL remains committed to building a transparent, efficient and future-ready power distribution system for Southern Odisha.

BPO BUREAU

BERHAMPUR, JULY 24

DELIVERING an accurate electricity bill to every consumer is more than a routine process—it reflects a strong combination of advanced technology, robust systems and the dedication of frontline employees working across urban centres and remote villages.

Reinforcing its commitment to transparency, operational excellence and consumer-centric service, TP Southern Odisha Distribution Limited (TPSODL) continues to strengthen its revenue assurance initiatives through technology-enabled monitoring and vigilant field verification.

To ensure fair and accurate billing, TPSODL has adopted digital tools such as OCR-based meter reading validation, data analytics and systematic field audits. These initiatives help identify discrepancies, improve consumer records, ensure correct tariff categorisation and detect unauthorised electricity usage. Together, these measures are enhancing billing accuracy, strengthening operational efficiency and building greater consumer confidence.

The success of these initiatives is driven by the dedication of TPSODL's frontline workforce, who play a vital role in maintaining the integrity of the power distribution system.

Santosh Sahu of Purushottampur demonstrated exemplary vigilance during spot billing activities by identifying 654 cases of electricity theft during the last financial year. His sustained field efforts helped protect revenue, reduce commercial losses and promote responsible electricity usage among consumers.

At Uppalada Sub-Division, Papindra Jena, Supervisor, through meticulous field verification and consumer analysis, identified 44 unreported live connections and 12 cases of tariff misuse, which were subsequently corrected from Domestic to General Purpose category.

His efforts significantly improved billing accuracy, strengthened the consumer

database and contributed to better revenue realisation. Several other field employees have also made notable contributions towards improving service delivery and operational excellence. Soroj Gura of Bhanjanagar ensured 100 per cent billing coverage of Lift Irrigation consumers while

successfully implementing the upgraded digital billing application.

Prabin Padhi of Gopalpur led the replacement of meters at critical Lift Irrigation points to improve billing efficiency. Meter Reader of Malakangiri area Ashok Mandal regularised 63 consumer cases through proactive field engagement, while Basudev Behara of Kabisuryanagar achieved 100 per cent OCR-based meter reading and zero provisional readings, setting a benchmark in digital billing accuracy.

These examples reflect the commitment and professionalism demonstrated by hundreds of field employees who work every day to ensure that consumers receive accurate

and reliable services. Reiterating TPSODL's commitment to transparency, technology-driven operations and consumer-centric services, Mr. Amit Kumar Garg, CEO, TPSODL, said the company's continued investment in technology and its people is helping strengthen consumer trust and service delivery across Southern Odisha.

He added, "At TPSODL, consumer trust is at the heart of everything we do. We are continuously strengthening our systems through digital innovation while empowering our frontline teams to uphold the highest standards of integrity, accuracy and accountability. Every accurate electricity bill represents the combined efforts of our people

and our technology." TPSODL encourages consumers to verify the meter reading mentioned in their monthly electricity bill with the reading displayed on their electricity meter.

Consumers are also advised to report any billing discrepancy, unauthorised electricity usage or suspicious activity to the nearest Customer Relation Centre or through the company's consumer service helpline: 18002026 or 1912.

By combining advanced technology, vigilant field practices and active consumer participation, TPSODL remains committed to building a transparent, efficient and future-ready power distribution system for Southern Odisha.

डिजिटल बिलिंग से बिजली व्यवस्था में बढ़ी पारदर्शिता : टीपीएसओडीएल

जगन्नाथ संगदत्ता, भुवनेश्वर: दक्षिण ओडिशा में उपभोक्ताओं को सटीक और पारदर्शी बिजली बिल उपलब्ध कराने के लिए टीपी सदरन ओडिशा डिस्ट्रीब्यूशन लिमिटेड (टीपीएसओडीएल) ने डिजिटल बिलिंग प्रणाली और फोल्ड निगरानी को और मजबूत किया है। कंपनी का दावा है कि ओसीआर (ऑटिकल रिकग्निशन) आधारित मीटर रीडिंग, डेटा विश्लेषण और नियमित फोल्ड ऑडिट से बिलिंग की सटीकता में उल्लेखनीय सुधार हुआ है। साथ ही बिजली चोरी और अनधिकृत उपयोग पर भी प्रभावित नियंत्रण स्थापित किया गया है। कंपनी के अनुसार पूरी बिलिंग प्रक्रिया को डिजिटल बनाया गया है। ओसीआर तकनीक के माध्यम से मीटर रीडिंग लेने और सही टैरिफ निर्धारण सुनिश्चित करने से उपभोक्ताओं को सटीक बिल मिल रहे हैं तथा बिजली वितरण व्यवस्था में पारदर्शिता बढ़ी है। टीपीएसओडीएल ने बताया कि कई कर्मचारियों ने इस अभियान में उल्लेखनीय योगदान दिया है। पुरुषोत्तमपुर के संतोष सहू ने पिछले वित्तीय वर्ष में बिजली चोरी के 654 मामलों का पता लगाया। उपालय

डिजिटल निगरानी से पारदर्शिता बढ़ी, उपभोक्ताओं का भरोसा हुआ मजबूत, गर्ग बोले उपभोक्ताओं का विश्वास प्राथमिकता

के पण्डित जेना ने 44 गैर-रिपोर्टेड सक्रिय कनेक्शन और शुल्क दुरुपयोग के 12 मामलों की पहचान की। वहीं भंजनगर के सरोज गुरु, गोपालपुर के प्रबंध पाद्री, मलकानगिरि के अशोक मंडल तथा कवि सूर्यनगर के बासुदेव बेहरा ने भी डिजिटल बिलिंग और मीटर प्रबंधन में महत्वपूर्ण उपलब्धियां हासिल कीं।

टीपीएसओडीएल के मुख्य कार्यकारी अधिकारी अमित कुमार गर्ग ने कहा कि उपभोक्ताओं का विश्वास कंपनी की सर्वोच्च प्राथमिकता है। उन्होंने कहा कि डिजिटल नवाचार और मजबूत निगरानी तंत्र के जरिए सेवा गुणवत्ता और पारदर्शिता को लगातार बेहतर बनाया जा रहा है। कंपनी ने उपभोक्ताओं से बिलिंग संबंधी गड़बड़ी, अनधिकृत बिजली उपयोग या संदिग्ध गतिविधियों की सूचना हेल्पलाइन 1800-2026 या 1912 पर देने की अपील की है।

INDIAN ERA

DAINIK JAGRAN

NAVBHARAT

[illegible]

टीपीएसओइंफोएल के सीईओ अमित कुमार गर्ग ने कहा कि कंपनी तकनीक और कर्मचारियों से लगातार निवेश कर रही है, जिससे उपभोक्ताओं का भरोसा मजबूत हो रहा है। उन्होंने कहा, "हम स्टार्टअप विजिल हमारी तकनीक और कर्मचारियों को संयुक्त महानत का परिणाम है। हम पारदर्शिता और जवाबदेही के उद्योग मानकों को बनाए रखने के लिए प्रतिबद्ध हैं। कंपनी ने उपभोक्ताओं से अपील की है कि वे अपने उपभोक्ता विजिल में दोई मॉडर रेटिंग को मॉडर से मिलाएं और किसी भी गड़बड़ या अनियमितता की सूचना तुरंत नजदीकी ग्राहक सेवा केंद्र या हेल्पलाइन नंबर 18002026 या 1912 पर दें। टीपीएसओइंफोएल का एक प्रमुख वरिष्ठ ऑडिशर ने एक पत्राचार, कुशल और भविष्य के लिए तैयार विजिल वितरण प्रणाली बनाने की दिशा में महत्वपूर्ण कदम माना जा रहा है।

कंपनी की इस सफलता के पीछे उसके फील्ड कर्मचारियों की कड़ी मेहनत और सतर्कता है। पुरुषोत्तमपुर के संतोष साहू ने पिछले वित्तीय वर्ष में 654 बिजली चोरों के मामलों का पता लगाकर राजस्व सुरक्षा

में बड़ी भूमिका निभाई। वहीं उपप्लडा सब-डिवीजन के सुपरवाइजर परीन्द्र जेना ने 44 अनरिपोर्टेड कनेक्शन और 12 टैरिफ गड़बड़ियों की पहचान कर उन्हें सही कराया। भंजनगर के सोरोज गुरु ने लिफ्ट इरिगेशन उपभोक्ताओं की 100% बिलिंग सुनिश्चित की, जबकि गोपालपुर

के प्रथम पाद्री ने मीटर बदलाव का सफल नेतृत्व किया। मलकानगिरी के अशोक मंडल ने 63 मामलों को नियमित किया और कबीरसूर्यनगर के बासुदेव बेहरा ने 100% ओसीआर आधारित मीटर रीडिंग कर डिजिटल बिलिंग में नया मानक स्थापित किया।

टीपीएसओडीएल टेक्नोलॉजी, नैतिक तरीकों और समर्पित फ़ील्ड टीमों के ज़रिए ग्राहकों का भरोसा मज़बूत कर रहा है

नरेश्वर (एमएसबीआरडी) है। इस हाइड्रकॉन क्विपमेंट का सही विना प्लानिंग बिना किसी एंगेजमेंट को प्रॉब्लम नहीं है—यह एक्साइज्ड टेक्नीशियन, मजदूरों, मिश्रण और सहरी कैंडों से लेकर दूर-दूरस्थ के गाँवों में काम करने वाले कन्स्ट्रक्शन कर्मचारियों के सम्पूर्ण का एक बेहतरीन सेल है। प्रारंभिक सेलेशन कामकाज और हाइड्रकॉन-कैंडेंट सेल के प्रति अपनी प्रतिबद्धता को मजबूत करते हुए, TP सदस्य ऑडिटिंग डिपार्टमेंट के डिप्टी-मैनेजर, गिनीयेरेड टेक्नीशियन-अपघात विनिर्देश और सहायक प्रोजेक्ट वेबसाइट्स के जरूरी एंजरी देवेंगु, एक्साइज्ड प्लानों को मजबूत कर रहा है।

लिफ्ट्स और सही विनिर्गम मुनिफिकेशन करने के लिए, TPSODL ने OCR-अपघात मोडल डिपेंडेंस विनिर्देश

पेटा एनालिटिक्स और व्यवस्थित फील्ड ऑडिट जैसे डिजिटल टूलस अपनाए हैं। ये पहलें गड़बड़ियों को पहचान करने, प्राप्ति के रिकॉर्ड को बेहतर बनाने, सही टैक्स कैटेगरी तय करने और बिजली के अप्रभिक्षु इस्तेमाल का पता लगाने में मदद करती हैं। ये सभी उपाय मिलकर बिजिंग को सटीकता प्रदा रहे हैं।

TPSODL Strengthens Consumer Trust Through Technology, Ethical Practices and Dedicated Field Teams

July 24 23:43
2026

By Prakash Panigrahi

Berhampur: Delivering an accurate electricity bill to every consumer is more than a routine process—it reflects a strong combination of advanced technology, robust systems and the dedication of frontline employees working across urban centres and remote villages. Reinforcing its commitment to transparency, operational excellence and consumer-centric service, TP Southern Odisha Distribution Limited (TPSOOL) continues to strengthen its revenue assurance initiatives through technology-enabled monitoring and vigilant field verification.

To ensure fair and accurate billing, TPSOOL has adopted digital tools such as OCR-based meter reading validation, data analytics and systematic field audits. These initiatives help identify discrepancies, improve consumer records, ensure correct tariff categorisation and detect unauthorised electricity usage. Together, these measures are enhancing billing accuracy, strengthening operational efficiency and building greater consumer confidence.

The success of these initiatives is driven by the dedication of TPSODL's frontline workforce, who play a vital role in maintaining the integrity of the power distribution system.

Santosh Sahu of Purushottampur demonstrated exemplary vigilance during spot billing activities by identifying 654 cases of electricity theft during the last financial Year. His sustained field efforts helped protect revenue, reduce commercial losses and promote responsible electricity usage among consumers.

At Uppalada Sub-Division, Papindra Jena, Supervisor, through meticulous field verification and consumer analysis, identified 44 unreported live connections and 12 cases of tariff misuse, which were subsequently corrected from Domestic to General Purpose category. His efforts significantly improved billing accuracy, strengthened the consumer database and contributed to better revenue realisation.

Several other field employees have also made notable contributions towards improving service delivery and operational excellence. Soraj Guraj of Bhanjanagar ensured 100 per cent billing coverage of Lift Irrigation consumers while successfully implementing the upgraded digital billing application. Prabin Padihi of Gopuraj led the replacement of meters at critical Lift Irrigation points to improve billing efficiency. Meter Reader of Malakgiri area Ashok Mandal regularised 63 consumer cases through proactive field engagement, while Basudev Behara of Kabisuryanagar achieved 100 per cent CCR-based meter reading and zero provisional readings, setting a benchmark in digital billing accuracy.

These examples reflect the commitment and professionalism demonstrated by hundreds of field employees who work every day to ensure that consumers receive accurate bills and reliable services.

Reiterating TPSOOL's commitment to transparency, technology-driven operations and consumer-centric services, Mr. Amit Kumar Garg, CEO, TPSOOL, said the company's continued investment in technology and its people is helping strengthen consumer trust and service delivery across Southern Odisha. He added, "At TPSOOL, consumer trust is at the heart of everything we do. We are continuously strengthening our systems through digital innovation while empowering our frontline teams to uphold the highest standards of integrity, accuracy and accountability. Every accurate electricity bill represents the combined efforts of our people and our technology."

TPSOL encourages consumers to verify the meter reading mentioned in their monthly electricity bill with the reading displayed on their electricity meter. Consumers are also advised to report any billing discrepancy, unauthorised electricity usage or suspicious activity to the nearest Customer Relation Centre or through the company's consumer service helpline 16002026 or 1912. By combining advanced technology, vigilant field practices and active consumer participation, TPSOL remains committed to building a transparent, efficient and future-ready power distribution system for Southern Odisha.

To ensure fair and accurate billing, TPSOOL has adopted digital tools such as OCR-based meter reading validation, data analytics and systematic field audits. These initiatives help identify discrepancies, improve consumer records, ensure correct tariff categorisation and detect unauthorised electricity usage. Together, these measures are enhancing billing accuracy, strengthening operational efficiency and building greater consumer confidence.

The success of these initiatives is driven by the dedication of TPSGDL's frontline workforce, who play a vital role in maintaining the integrity of the power distribution system.

Sanjeev Saha of Purushottampur demonstrated exemplary vigilance during spot-billing activities by identifying 954 cases of electricity theft during the last financial year. His sustained field efforts helped protect revenue, reduce commercial losses and promote responsible electricity usage among consumers.

At Uppalada Sub-Division, Papindra Jena, Supervisor, through meticulous field verification and consumer analysis, identified 44 unreported live connections and 52 cases of tariff misuse, which were subsequently corrected from Domestic to General Purpose category. His efforts significantly improved billing accuracy, strengthened the consumer database and contributed to better revenue realisation.

Several other field employees have also made notable contributions towards improving service delivery and operational efficiency. Sonoj Durgu of Bhanjanagar ensured 100 per cent billing coverage of Lift Irrigation consumers while successfully implementing the upgraded digital billing application. Prabir Paddi of Gopapur led the replacement of meters at critical Lift Irrigation points to improve billing efficiency. Meter Reader of Malakarguri area Ashok Mandal realised 80 per cent consumer cases through proactive field engagement, while Basudev Bhatara of KabiSunnyanagar achieved 100 per cent OCR-based meter reading and zero procedural violations, setting a benchmark in digital billing accuracy.

These examples reflect the commitment and professionalism demonstrated by hundreds of field employees who work every day to ensure that consumers receive accurate bills and reliable services.

Reaffirming TPSOOL's commitment to transparency, technology-driven operations, and customer-centric services, Amit Kumar Garg, CEO, TPSOOL, said the company's continued investment in technology and its people is helping strengthen consumer trust and service delivery across Southern Odisha. He added, "At TPSOOL, consumer trust is at the heart of everything we do. We are continuously strengthening our systems through digital innovation while empowering our frontline teams to uphold the highest standards of integrity, accuracy and accountability. Every accurate electricity bill represents the combined efforts of our people and our technology."

TPSCOL encourages consumers to verify the meter reading mentioned in their monthly electricity bill with the reading displayed on their electricity meter. Consumers are also advised to report any billing discrepancy, unauthorised electricity usage or suspicious activity to the nearest Customer Relation Centre or through the company's consumer service helpline 18002026 or 1912. By combining advanced technology, vigilant field practices and active consumer participation, TPSCOL remains committed to building a transparent, efficient and future-ready power distribution system for Southern Okeechewa.

PRESS RELEASE

TPSODL Marks Ethics Day with Integrity Pledge

Berhampur, July 29: Reinforcing its unwavering commitment to ethical values and responsible corporate governance, an Ethics Day celebration was organised at TP Southern Odisha Distribution Limited (TPSODL) to mark the birth anniversary of Shri Jehangir Ratanji Dadabhoy (JRD) Tata. The celebration reaffirmed the organisation's commitment to the Tata Code of Conduct, ethical leadership and responsible business practices. CEO Shri Amit Kumar Garg, along with the Senior Leadership Team and employees, participated in the programme and paid tribute to J.R.D. Tata, renewing their pledge to uphold integrity, transparency and excellence in every aspect of their work.

At Berhampur, CEO Shri Amit Kumar Garg, along with the Senior Leadership Team and employees, paid floral tributes to Shri JRD Tata and reaffirmed their commitment to the Tata Code of Conduct and the core values that define the Tata Group.

Speaking on the occasion, Shri Amit Kumar Garg, CEO, TPSODL, said, "Ethics is the foundation of trust, and trust is the foundation of every enduring institution. At TPSODL, we remain committed to conducting our business with integrity, fairness and transparency while serving our consumers and communities with the highest standards of professionalism. JRD Tata's values continue to guide every decision we make."

Adding to the day's celebrations, the CEO inaugurated a modern Gymnasium for employees. The new facility has been established to promote health, fitness and overall well-being, reflecting TPSODL's commitment to creating a positive and healthy workplace that enables employees to perform at their best.

The celebrations concluded with employees taking the Ethics Pledge, reaffirming their commitment to uphold the Tata values of integrity, responsibility, excellence, unity and understanding in every aspect of their work.

Tata group companies mark JRD's 122nd Birth Anniversary with, Ethics Pledge and Community Service across Odisha

STATESMAN NEWS SERVICE
Bhubaneswar, 29 July:

Tata Group companies across Odisha on Wednesday celebrated the 122nd birth anniversary of Bharat Ratna J.R.D. Tata with tribute ceremonies, Ethics Day observances, community service initiatives and employee engagement programmes, reaffirming their commitment to the legendary industrialist's ideals of integrity, ethical leadership, nation-building and social responsibility.

Tata Steel commemorated the occasion across its operational units with plantation drives, blood donation camps, sports events, quiz competitions and volunteering initiatives at various locations, including Bhubaneswar, Kalinganagar, Meramandali, Joda, Bannipal and Balasore.

At Tata Steel Kalinganagar, Vice President (Operations) Uttam Singh and senior officials led the homage ceremony, while a commemorative run was organised and sports equipment was distributed to students of Salijanga Upper Primary School. At Neelachal Ispat Nigam Limited (NINL), nearly 300 employees, family members and contract workers participated in a blood donation camp, alongside a quiz competition on J.R.D. Tata's life and legacy. Plantation drives, chess and carom tournaments and tribute ceremonies were also organised at Tata Steel's mining and ferro alloys units across the state.

In Bhubaneswar, the Odisha Naval Tata Hockey High Performance Centre organised exhibition hockey matches involving academy teams, the Border Security Force

and CISF, celebrating teamwork, discipline and sportsmanship in keeping with J.R.D. Tata's legacy.

Tata Power discoms in the state celebrated the day by hosting functions. TPWODL observed the day as Ethics Day at its corporate office in Burla, where Chief Executive Officer Parveen Verma, senior executives and employees paid floral tributes to J.R.D. Tata and other Tata Group founders before reaffirming their commitment to the Tata Code of Conduct.

Verma said ethics remained the foundation of lasting success and that the company would continue to uphold honesty, transparency, respect and responsibility while serving over 21 lakh consumers across western Odisha. TP Southern Odisha Distribution Limited (TPSODL) also marked the occasion with

an Ethics Day programme at Berhampur. Chief Executive Officer Amit Kumar Garg, said "Ethics is the foundation of trust, and trust is the foundation of every enduring institution. J.R.D. Tata's values continue to guide every decision we make".

The occasion also saw the inauguration of a modern gymnasium for employees at TPSODL, underscoring the company's focus on employee health and well-being.

Central Odisha Distribution Limited (TPCODL), observed Ethics Day across all its offices today to mark the birth anniversary of JRD Tata. The Senior Leadership Team and employees present at the event paid floral tributes to J.R.D. Tata and reaffirmed their commitment to the core values he championed—ethics, integrity, excellence and nation-building.

टीपीएसओडीएल में नैतिकता दिवस, जेआरडी टाटा को दी श्रद्धांजलि

जगरण संवाददाता, भुवनेश्वर : नैतिक मूल्यों और जिम्मेदार कॉर्पोरेट गवर्नेंस के प्रति अपनी प्रतिबद्धता को दोहराते हुए टीपी सदरन ओडिशा डिस्ट्रीब्यूशन लिमिटेड (टीपीएसओडीएल) में जे.आर.डी. टाटा की जयंती के अवसर पर नैतिकता दिवस का आयोजन किया गया। इस मौके पर कंपनी ने टाटा आचार संहिता, नैतिक नेतृत्व और जिम्मेदार व्यावसायिक आचरण के प्रति अपनी प्रतिबद्धता को फिर से स्पष्ट किया। कार्यक्रम में टीपीएसओडीएल के सीईओ अमित कुमार गर्ग, वरिष्ठ नेतृत्व टीम और बड़ी संख्या में कर्मचारियों ने हिस्सा लिया। सभी ने जे.आर.डी. टाटा को श्रद्धांजलि अर्पित करते हुए अपने कार्यों में ईमानदारी, पारदर्शिता और उत्कृष्टता बनाए रखने का संकल्प लिया। बरहमपुर में आयोजित मुख्य कार्यक्रम के दौरान सीईओ अमित कुमार गर्ग, वरिष्ठ अधिकारियों और कर्मचारियों ने

जे.आर.डी. टाटा की जयंती के अवसर पर आयोजित कार्यक्रम में उपस्थित लोग।

जे.आर.डी. टाटा की प्रतिमा पर पुष्पांजलि अर्पित की और टाटा समूह की मूलभूत मान्यताओं तथा टाटा आचार संहिता के पालन की अपनी प्रतिबद्धता दोहराई। इस अवसर पर सीईओ अमित कुमार गर्ग ने कहा, 'नैतिकता विश्वास की नींव है और विश्वास किसी भी स्थायी संस्था का आधार होता है। टीपीएसओडीएल में हम उपभोक्ताओं और समुदायों की सेवा करते हुए ईमानदारी, निष्पक्षता

और पारदर्शिता के साथ कार्य करने के लिए प्रतिबद्ध हैं। जे.आर.डी. टाटा के आदर्श आज भी हमारे हर निर्णय का मार्गदर्शन करते हैं।' कार्यक्रम के दौरान कर्मचारियों के लिए आधुनिक व्यायामशाला (जिम्नेजियम) का भी उद्घाटन किया गया। यह सुविधा कर्मचारियों के स्वास्थ्य, फिटनेस और समग्र कल्याण को बढ़ावा देने के उद्देश्य से शुरू की गई है।

DAINIK JAGRAN

टीपीसीओडीएल और टीपीएसओडीएल ने मनाया एथिक्स डे, जे.आर.डी. टाटा को दी श्रद्धांजलि

भुवनेश्वर। टाटा पावर और ओडिशा सरकार के संयुक्त उपक्रमों टीपी सदरन ओडिशा डिस्ट्रीब्यूशन लिमिटेड (टीपीसीओडीएल) और टीपी सदरन ओडिशा डिस्ट्रीब्यूशन लिमिटेड (टीपीएसओडीएल) ने महान उद्योगपति और दूरदर्शी नेता जेआरडी टाटा की जयंती के अवसर पर एथिक्स डे का आयोजन किया। इस अवसर पर टीपीसीओडीएल और टीपीएसओडीएल ने नैतिक मूल्यों, पारदर्शिता और उत्कृष्टता के प्रति अपनी प्रतिबद्धता को दोहराया।

भुवनेश्वर स्थित टीपीसीओडीएल के कॉर्पोरेट कार्यालय में आयोजित समारोह में वरिष्ठ नेतृत्व टीम और कर्मचारियों ने जेआरडी टाटा को पुष्पांजलि अर्पित की। सभी ने उनके द्वारा स्थापित मूल्यों—

नैतिकता, ईमानदारी, उत्कृष्टता और राष्ट्र-निर्माण को अपने कार्यों में अपनाने का संकल्प लिया। इसी तरह, बरहमपुर में टीपीएसओडीएल द्वारा आयोजित कार्यक्रम में भी सीईओ अमित कुमार गर्ग, वरिष्ठ अधिकारियों और कर्मचारियों ने जेआरडी टाटा को ब्रह्मांजलि दी और टाटा आचार संहिता के पालन का संकल्प लिया।

नेतृत्व का संदेश: नैतिकता ही विश्वास की नींव : कार्यक्रम के दौरान टीपीएसओडीएल के सीईओ अमित कुमार गर्ग ने कहा, 'नैतिकता विश्वास की नींव है, और विश्वास हर स्थायी संस्था की पहचान है। टीपीएसओडीएल में हम अपने उपभोक्ताओं और समुदाय की सेवा करते हुए ईमानदारी, निष्पक्षता और पारदर्शिता के साथ कार्य करने के लिए प्रतिबद्ध हैं। जेआरडी टाटा के आदर्श हमारे हर निर्णय का मार्गदर्शन करते हैं। टीपीएसओडीएल के नेतृत्व ने भी इस अवसर पर कहा कि जेआरडी टाटा की प्रेरणादायक सोच आज भी कंपनी को उच्च नैतिक मानकों और उत्कृष्ट सेवा प्रदान करने के लिए मार्गदर्शित करती है। इस अवसर को और खास बनाते

हूए टीपीएसओडीएल के सीईओ ने कर्मचारियों के लिए एक आधुनिक जिम्नेजियम का उद्घाटन किया। यह सुविधा कर्मचारियों के स्वास्थ्य, फिटनेस और समग्र कल्याण को बढ़ावा देने के उद्देश्य से स्थापित की गई है, जिससे वे बेहतर कार्य प्रदर्शन कर सकें।

एथिक्स प्लेज के साथ हुआ समापन : कार्यक्रम का समापन कर्मचारियों द्वारा एथिक्स प्लेज लेने के साथ हुआ, जिसमें उन्होंने टाटा समूह के मूल्यों—ईमानदारी, जिम्मेदारी, उत्कृष्टता, एकता और समग्र—का पालन करने का संकल्प लिया। इस संयुक्त आयोजन ने यह स्पष्ट किया कि टीपीसीओडीएल और टीपीएसओडीएल न केवल सेवा में उत्कृष्टता के लिए प्रतिबद्ध हैं, बल्कि नैतिकता और जिम्मेदार कॉर्पोरेट आचरण को भी अपनी कार्य संस्कृति का अभिन्न हिस्सा मानते हैं।

PRESS RELEASE

TATA Power led Southern Odisha DISCOM takes Health Care to more than 400 tribal Villages

Berhampur: In a significant boost to healthcare access in Odisha's tribal belt, over 8,943 pathological tests have been conducted in 414 remote villages through TPSODL's (TP Southern Odisha Distribution Limited, a joint venture between TATA Power and Government of Odisha) 'Lab on Wheels' initiative. The mobile diagnostic service is helping bridge critical healthcare gaps by taking laboratory facilities directly to tribal communities living in the hilly and forested interiors of southern Odisha.

The initiative is bringing quality diagnostic services directly to the doorsteps of tribal communities, elderly citizens, women and other rural residents living in the remote, hilly and forested regions of southern Odisha. It has been particularly beneficial for the Bonda and Didayi Particularly Vulnerable Tribal Groups (PVTGs) residing in the difficult terrains of Malkangiri district, where access to quality healthcare has traditionally remained a major challenge.

Launched on a pilot basis in September 2025 from Boipariguda in Koraput district, the initiative currently serves the undivided districts of Koraput, Malkangiri and Kandhamal—three of Odisha's largest tribal-dominated districts. Characterised by the Eastern Ghats, dense forests, scattered habitations and difficult connectivity, these districts are home to several tribal communities. Koraput is inhabited by Scheduled Tribes including Gadaba, Paraja, Kandhamal is predominantly home to the Kandha tribe, while Malkangiri is home to the Bonda and Didayi PVTGs, among India's most vulnerable indigenous communities.

The Lab on Wheels operates through a fully equipped Mobile Health Dispensary (MHD) with an integrated laboratory facility and a dedicated medical team comprising a doctor, laboratory technician, pharmacist and staff nurse. Patients are first examined by the doctor, following which laboratory investigations are prescribed based on clinical assessment. This integrated model enables consultation, diagnosis, laboratory testing and medicine distribution during a single visit, eliminating the need for patients to travel long distances.

The onboard laboratory performs kit-based diagnostic tests, enabling reports to be generated within a short span of time so that treatment can begin immediately. The facility offers a comprehensive range of pathological

investigations, including malaria screening, haemoglobin estimation, typhoid testing, Hepatitis-C (HCV) screening, HIV screening, VDRL testing, dengue screening, blood grouping, Random Blood Sugar (RBS), sickle cell anaemia screening and Troponin-I (Trop-I) testing. These services are helping doctors detect diseases at an early stage and initiate timely treatment, particularly during seasonal outbreaks and medical emergencies.

By making diagnostic services available within villages, the initiative has significantly reduced the healthcare burden on tribal families, elderly citizens and economically weaker sections. The availability of on-site diagnostics has also improved treatment compliance and reduced delays in medical intervention in areas where healthcare infrastructure remains limited.

TPSODL CEO Mr. Amit Kumar Garg said, "Quality healthcare should reach every individual, irrespective of geography. Through Lab on Wheels, we are taking essential diagnostic services to remote tribal and rural communities, enabling early diagnosis and timely treatment. This initiative reflects our commitment to strengthening last-mile healthcare and improving the quality of life in our operational areas."

Through the Lab on Wheels initiative, TPSODL continues to bridge critical healthcare gaps by leveraging mobile medical infrastructure to deliver accessible and quality diagnostic services in some of Odisha's remote tribal regions. The initiative underscores the company's commitment to improving community health outcomes while promoting preventive and primary healthcare across its operational areas.

टीपीएस ओडीएल की 'लैब ऑन व्हील्स' से 414 आदिवासी गांवों को मिला लाभ

बोंडा-दिदायी जैसी विशेष रूप से कमजोर जनजातियों तक पहुंचीं स्वास्थ्य सेवाएं

नवभारत रिपोर्टर। ब्रह्मपुर। दक्षिण ओडिशा के दुर्गम आदिवासी इलाकों में स्वास्थ्य सेवाओं का पहुँच मजबूत करने की दिशा में टीपी सदरन ओडिशा डिस्ट्रिक्ट्यून लिमिटेड (टीपीएसओएल) ने उल्लेखनीय पहल की है। कर्मचारी का 'लैब ऑन व्हील्स' परिवोजना के तहत अब तक 414 दूरस्थ गाँवों में 8,943 से अधिक पैथोलॉजिकल जांच की जा चुकी है। इस पहल के तहत एमडीपी, वन्य क्षेत्रों में रहने वाले आदिवासी समुदायों, बुजुर्ग, महिलाओं और जरूरतमंद प्रामाणों को उनके गाँव में ही

जांच और उपचार की सुविधा मिल रही है। सितंबर 2025 में कोरापुट जिले के बोडपारीगुड़ा से पायलट परियोजना के रूप में शुरू हुई यह सेवा वर्तमान में कोरापुट, मलकानगिरी और कंधमाल जिलों तक पहुंच चुकी है। इन क्षेत्रों में रहने वाले बोंडा और दिदायी जैसी विशेष रूप से कमजोर

जनजातीय समुदायों (पीपलीटीजीएस) के लिए यह पहल किसी वरदान से कम नहीं है, क्योंकि यह गुणवत्तापूर्ण स्वास्थ्य सेवाओं तक पहुँच और मौलिक से मुक्तरी की हुई श्रमा 'लैब और कोल्ड' पूरी तरह अव्ययुक्त सुविधाओं से लैस मोबाइल हेल्थ डिस्पेंसरी (एमएचडी) के माध्यम से संचालित की जा रही है। इसमें दवाइयाँ, लैब टेक्नीशियन, फार्मासिस्ट और स्टाल नर्स की टीम मौजूद रहती है। पहले मरीजों की चिकित्सात्मक जाँच की जाती है, फिर अवयक्तकों के अनुसार मरीज पर हो आवश्यकता अनुसार फिजिटल जाँच कर फिफ्टी टैयर की जाती है और उसी आधार पर दवाइयाँ भी उपलब्ध कराई जाती हैं। टीपीएस ओडीएल के मुख्य कार्यकर्ता अधिकारी अमित कुमार

गर्ग ने कहा कि पुण्यस्थानों पर स्थलस्थ संसारों पर व्यभिचर करने पहुँचने चाहिए, चाहे वह किसी भी भौगोलिक स्थान में रहता हो। 'सर्वत्र जीवन् विलम्ब' के माध्यम से कंपनी दूरस्थ आश्रितियों और ग्रामीण क्षेत्रों तक आसुरिक जांच सुविधाएँ पहुँचाकर समग्र पर विभीषी की पहचान और उपचार सुनिश्चित करने की है। यह पहल अतिरिक्त एक स्वास्थ्य सेवाएँ पहुँचाने और लोगों के जीवन स्तर में सुधार लाने की दिशा में कंपनी की प्रतिबद्धता को दर्शाती है। यह पहल दक्षिण अफ्रीका के दूरस्थ क्षेत्रों में प्रभावशाली एवं निवेशक स्वास्थ्य सेवाओं को जन्मदत्त करने के साथ-साथ ग्रामीण समुदायों के बेहतर स्वास्थ्य परिणाम सुनिश्चित करने की दिशा में महत्वपूर्ण भूमिका निभा रही है।

TATA Power led Southern Odisha DISCOM takes Health Care to more than 400 tribal Villages

Brahmapur: In a significant boost to healthcare access in Odisha's tribal belt, over 8,943 pathological tests have been conducted in 414 remote villages through TPSODL's (TP Southern Odisha Distribution Limited, a joint venture between TATA Power and Government of Odisha) 'Lab on Wheels' initiative. The mobile diagnostic service is helping bridge critical healthcare gaps by taking laboratory facilities directly to tribal communities living in the hilly and forested interiors of southern Odisha.

The initiative is bringing quality diagnostic services directly to the doorsteps of tribal communities, elderly citizens, women and other rural residents living in the remote, hilly and forested regions of southern Odisha. It has been particularly beneficial for the Bonda and Didayi Particularly Vulnerable Tribal Groups (PVTGs) residing in the difficult terrains of Malkangiri district, where access to quality healthcare has traditionally remained a major challenge.

Launched on a pilot basis in September 2025 from Bopargunda in Koraput district, the initiative currently serves the undivided districts of Koraput, Malkangiri and Kandhamal—three of Odisha's largest tribal-dominated districts. Characterised by the Eastern Ghats, dense forests, scattered habitations and difficult connectivity, these districts are home to several tribal communities. Koraput is inhabited by Scheduled Tribes including Gadaba, Paraja, Kandhamal is predominantly home to the Kandha tribe, while Malkangiri is home to the Bonda and Didayi PVTGs, among India's most vulnerable indigenous communities.

The Lab on Wheels operates through a fully equipped Mobile Health Dispensary (MHD) with an integrated laboratory facility and a dedicated medical team comprising a doctor, laboratory technician, pharmacist and staff nurse. Patients are first examined by the doctor, following which laboratory investigations are prescribed based on clinical assessment. This integrated model enables consultation, diagnosis, laboratory testing and medicine distribution during a single visit, eliminating the need for patients to travel long distances.

The onboard laboratory performs kit-based diagnostic tests, enabling reports to be generated within a short span of time so that treatment can begin immediately. The facility offers a comprehensive range of pathological investigations, including malaria screening, haemoglobin estimation, typhoid testing, Hepatitis-C (HCV) screening, HIV screening, VDRL testing, dengue screening, blood grouping, Random Blood Sugar (RBS), sickle cell anaemia screening and Troponin-I (Trop-I) testing. These services are helping doctors detect diseases at an early stage and initiate timely treatment, particularly during seasonal outbreaks and medical emergencies.

By making diagnostic services available within villages, the initiative has significantly reduced the healthcare burden on tribal families, elderly citizens and economically weaker sections. The availability of on-site diagnostics has also improved treatment compliance and reduced delays in medical intervention in areas where healthcare infrastructure remains limited.

TPSODL CEO Mr. Amit Kumar Garg said, "Quality healthcare should reach every individual, irrespective of geography. Through Lab on Wheels, we are taking essential diagnostic services to remote tribal and rural communities, enabling early diagnosis and timely treatment. This initiative reflects our commitment to strengthening last-mile healthcare and improving the quality of life in our operational areas."

Through the Lab on Wheels initiative, TPSODL continues to bridge critical healthcare gaps by leveraging mobile medical infrastructure to deliver accessible and quality diagnostic services in some of Odisha's remote tribal regions. The initiative underscores the company's commitment to improving community health outcomes while promoting preventive and primary healthcare across its operational areas.
